

# My first Rmarkdown file!

Rachel Holman & Jeffrey Woo

## Question 1)

a) We can generate output from R without displaying the R code.

We see two clusters of observations.

b) We can type math symbols using LaTeX.

$$E(Y|x) = \beta_0 + \beta_1 x + \epsilon$$

or  $E(Y|x) = \beta_0 + \beta_1 x + \epsilon$
